AFTER HOBOS
Railroad Officials Intend to Stop Stealing—Others Also at Fault.

The detective force of the New Haven railroad is keeping a sharp lookout just now for trespassers upon railroad property in the vicinity of the freight yards. Hoboes are occasional visitors and when they are unnoticed for any length of time in the vicinity of an unlocked car that contains anything portable it is good-bye to the unprotected property.

The hobo is not the only offender, but as his reputation is the collector of driftwood and coal, who pay regular visits to the yards, have not always been found above temptation. Quite recently a car belonging to the Cudahy Packing company, consigned to the branch house in this city, was entered after the beef had been removed, and thirteen beef racks and hooks were taken. The plunder was not very portable or valuable, but the railroad company was compelled to make it good to the packers, a claim having been made against it. No trace was found of the thieves.

Within a relatively short time, a passenger coach standing in the yards in this city was entered by tramps and set on fire, being entirely destroyed. It is for these reasons that the railroad special agents and police have to love for the hobo.—Waterbury Republican.

A Family Secret.

At a recent horse sale in Topeka some of the horsemen were telling stories of swindlers and trades. They told of an incident that is said to have occurred in a Kansas town. A certain man bought a team, but did not discover until he had paid over the money that one of the horses was blind. But he found another purchaser, and the latter, too, failed to notice that one of the animals was blind. When the second horse was blind, the man who had sold him the team, "Well, was the reply," "I thought I was the only one who didn't tell me that one of the horse's eyes was gone. I guess it was one of my family secrets. If I were you I wouldn't tell it either—at least until after you have disposed of the horse."—Kansas City Journal.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it causes a rumbling sound and deafness. If the inflammation is not removed, the hearing will be destroyed. Unless the inflammation can be taken out of the ear, the hearing will be lost. We will give One Hundred Dollars for any case of Deafness (caused by inflammation of the Eustachian Tube) cured by our Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold Everywhere. 75c. Take Hall's Family Pills for constipation.

One Conductor Who Was Cured.
Mr. Wilford Adams is his name, and he writes about it: "Some time ago I was confined to my bed with chronic rheumatism. I used two bottles of Foley's Kidney Remedy with good effect, and the third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky. Street Railway. It gave me more relief than any medicine I had ever used, and it will do all you claim in cases of rheumatism." Foley's Kidney Remedy cures rheumatism by eliminating the uric acid from the blood. Worthy of Them.

All Connecticut sympathizers with New Haven in the tragedy that came to it when the jail was burned and six brave firemen lost their lives. They were, indeed, heroes of peace. They made the sacrifice that sometimes is called for in the line of duty. Sad as the affair is, and heavier still the blow to the families of the heroic firemen, there is satisfaction in the fact that men still face their work, however deadly, unflinchingly. There is also consolation in the spirit of appreciation shown and the readiness to assist the stricken families. The firemen were brave and their friends are generous. New Haven will not permit the families of her dead firemen to suffer nor their deeds to be forgotten. Therein lies its worthiness of them.—Bristol Press.

'T WILL HELP YOU

Woman's Relief

Dr. Krugers Viburn-O-Gin Compound, the woman's remedy, has been known for years as "Woman's Relief," since it has positively proven its great value in the treatment of womanly diseases.

It will help you, if you are a sufferer from any of the ills peculiar to women, which can be reached by medicine.

It has helped thousands of other sick women, as grateful letters from them clearly describe. It contains no poisonous drugs.

For nervousness, irritability, headache, backache, pressing-down pains, and other symptoms of general female weakness, this compound has been found quick and safe.

"I think Viburn-O-Gin is the best remedy for weak women. It does me more good than any medicine I have ever taken. I cannot praise it strong enough. I think it is the best woman's medicine on earth."

You'll feel like writing a similar letter if you try it.
